

WHO WE ARE

Learners Edge is a national, private company that partners with regionally accredited organizations of higher education to offer relevant, applicable continuing education for graduate credit. Founded in 2002, we work to offer courses to assist educators in license renewal, specializations or obtaining a Master's, on your schedule.

WHAT WE DO

Learners Edge works tirelessly to offer new courses with timely content to assist educators both inside and outside the classroom. During times of change, we have continued to adapt and update our courses to allow educators options to continue learning. In addition to offering courses that you can complete on your schedule, we use our Learners Edge Professional Learning Model to develop content for all courses.

What is the [Learners Edge Professional Learning Model](#)?

It is research-based, and includes five elements to ensure adult learners experience quality personal and professional development, and carry new knowledge into their classrooms and to their students.

WHAT WE OFFER

Learners Edge offers 100+ online courses that are rigorous and align with the Quality Matters framework - and the Learners Edge Professional Learning Model. Courses are self-paced, and each 3-credit course carries the equivalent of 45 hours of content and coursework. The majority of courses are built around seminal texts that are a balance of research and applicability, and written by major authors in the field of education. Our courses include high quality tutorial videos, multi-media clips and research based articles to supplement course texts.

Courses created by educators, for educators

Courses are developed by educators that hold, at a minimum, a Master's Degree and have professional experience, or licensure in the content area specific to the course. Courses are reviewed annually and take into consideration participant feedback, new information available on the topic, insights from our university partners, and new opportunities to learn and show learning through implementation.

Courses are approved through our regionally accredited institutions by review of the syllabi, content and coursework expectations.

Each of our university partners has provided documentation to indicate that our courses are degree eligible. These memos indicate a certain number of credits from Learners Edge that are noted as eligible toward the education Master's Degree at the partner university.

Our [University Partners](#) include:

Andrews University, Augustana University, Brandman University, Colorado State University - Pueblo, Lourdes University, Pacific Lutheran University, Roosevelt University, Southern New Hampshire University and, **our newest addition**, Upper Iowa University.
